# GUARANTEE

## Guaranteed Issue Final Expense

### Protecting Your Loved Ones

There are three types of people who should attend this seminar... First, those who have not prepaid for their funeral or cremation and have no insurance for this. Second, those who do have a burial policy, but it's not very much and they are interested in adding to it if it can be done affordably. And finally, those who have their final expenses pretty much taken care of, but are interested in making sure their loved ones don't have to pay *anything* out of pocket.

Come learn about an option that requires no health exam, no medical questions, and can never be canceled on you.\*

\*Except for non-payment.

**Learn the difference**  
Whole? Term? Universal?

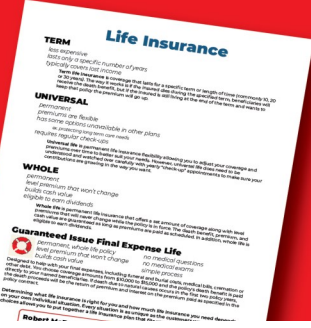

There's a lot of confusion over insurance terms, especially those surrounding life insurance. (Just ask anyone who has tried to pass the state licensing exams!)

This seminar and the handouts you'll take home will give you a better understanding of what's available out there, what different options can do for you, as well as the pros and cons.

Not every type of life insurance product is ideal for every person! Don't end up feeling strong-armed into something because you just don't have enough information. Knowledge is power, and whether or not you buy from us, you'll go away from this with some tools that will help you decide how best to protect your loved ones.

### What's Provided?

- 01** COMPLEMENTARY SNACKS OR LUNCH
- 02** INTERACTIVE TEACHING
- 03** HELPFUL HANDOUTS
